Version 15.1

DOCUMENT VERSION CONTROL RECORD

Version Number	Effective Date of Release	Summary of Included Changes	Author
14.0	20 February 2023	Previous release of 'Building a Successful eCommerce Store with WooCommerce' (under the superseded course accreditation), one training day with five topics and four in-class activities.	Dr. Alfred Ang
15.0	10 August 2026	Major revision under the current course accreditation. Content carried forward from the approved v14 Master Trainer Slides and re-authored to the current house visual standard: an all-white, highly visual deck of tile grids, flow diagrams, stat bands and product screenshots in place of bullet walls. The four legacy activities are expanded into seven structured hands-on labs with full step-by-step instructions in the Learner Guide. Assessment stated as Practical Performance 75 min plus Oral Questioning 15 min, per the approved Assessment Plan CRS-Q-0040881-RET v1.0.	Dr. Alfred Ang
15.1	11 August 2026	Adds the classroom demo lab environment — five demo WordPress training sites (wp1.tertiarytraining.com – wp5.tertiarytraining.com, login at /wp-admin), one assigned per learner and reset before each class — and a realistic demo-store storyline: the labs build Harbour & Co, the same Singapore apparel	Dr. Alfred Ang

		retailer used in the Practical Performance scenario, with named mock products, SKUs, prices and stock levels, plus a sample product CSV for the import lab.

Course Components	Classroom Facilitation 5.0 h · Practical / Practicum 1.5 h · Assessment 1.5 h
Mode	Instructor-led classroom facilitation with hands-on labs on a live WordPress + WooCommerce store
Platform	WooCommerce — https://woocommerce.com
Lab Environment	Five demo WordPress training sites — wp1.tertiarytraining.com – wp5.tertiarytraining.com — one assigned per learner, login at /wp-admin, reset before each class
Trainer	Dr. Alfred Ang

Learning Outcomes

On completion of this course, learners will be able to:

- LO1: Setup and monitor WooCommerce CMS to ensure adherence to guidelines and policies. (A1, K1)
- LO2: Edit and curate product website on WooCommerce CMS. (A6, K2, K4)
- LO3: Maintain product web content on WooCommerce CMS. (A4, K2, K4)
- LO4: Recommend payment and shipping methods on WooCommerce CMS to improve customer experience. (A3, K3)
- LO5: Manage issues related to WooCommerce CMS such as sales, out-of-stock, promotion etc. (A5, K5)
- LO6: Manage WooCommerce CMS performance. (A2, K6, K7)

Skills Framework Mapping (TSC RET-CIE-4002-1.1 Content Management System Utilisation)

Manage the utilisation of content management systems to create, edit, curate and publish web content, monitor adherence to content management policies and guidelines, measure system performance, and recommend improvements to the organisation's web properties and assets.

Abilities (assessed by the Practical	Knowledge (assessed by the Oral
---	--

Performance)	Questioning)
A1 — Monitor adherence to content management policies, guidelines and permissions on content management	K1 — Content management policies, guidelines and permissions on content management
A2 — Develop and review metrics to measure performance of content management systems	K2 — Web content for deployment
A3 — Recommend areas for improvements for a better customer experience in terms of organisation's web properties and assets	K3 — Organisation's web properties and assets
A4 — Ensure smooth maintenance and consistent updates of content management systems	K4 — Creation and curation of web content guidelines
A5 — Highlight and resolve issues related to content management systems	K5 — Web content and platform management systems
A6 — Edit and curate web content	K6 — Types of performance metrics of content management systems
	K7 — Criteria for evaluating metrics to measure performance of content management systems

Assessment

- Oral Questioning (OQ) — 15 minutes, open book, 1:1. Covers K1–K7.
- Practical Performance (PP) — 75 minutes, open book, individually completed. Covers A1–A6.
- Format: Open Book — course slides, Learner Guide and approved materials only.
- The assessment is conducted at the end of the training day, after the Briefing for Assessment.
- Assessor-to-learner ratio: 1:3 to 1:10 for both the WA (Q&A) and the Practical Performance.
- A minimum of 75% attendance is required to be eligible for assessment and funding.

Course Schedule

Day 1 — Building, Running and Measuring a WooCommerce Store

Time	Duration	Topic / Activity
9:30am–9:45am	15 min	Welcome, trainer and learner introductions, ground rules, and mandatory digital attendance (AM)
9:45am–10:00am	15 min	Learning outcomes, course outline and Skills Framework (TSC RET-CIE-4002-1.1) briefing
10:00am–10:30am	30 min	Topic 1 — Overview of WooCommerce CMS: what WooCommerce is, the six steps to a store, system requirements, installing the plugin, the setup wizard, taxonomies and post types. (LO1 / A1, K1)

4:35pm–4:45pm	10 min	Topic 5 — HANDS-ON PRACTICAL. Lab 7: Measure Store Performance with Reports and Analytics
4:45pm–5:00pm	15 min	Course summary and Q&A, TRAQOM survey, Assessment digital attendance, and Briefing for Assessment
5:00pm–6:15pm	75 min	Practical Performance (PP) — 75 minutes, open book, individually completed. Assesses abilities A1–A6.
6:15pm–6:30pm	15 min	Oral Questioning (OQ) — 15 minutes, open book, conducted 1:1. Assesses knowledge K1–K7.

Day 1 training time: 480 minutes (8 hours), excluding the 1-hour lunch break. Classroom Facilitation 300 min · Practical/Practicum 90 min · Assessment 90 min.

Course total: 480 minutes (8 hours) across 1 training days, excluding lunch breaks. Classroom Facilitation 300 min (5.0 h) · Practical/Practicum 90 min (1.5 h) · Assessment 90 min (1.5 h).

Topic and Activity Reference

Topic / Learning Unit	Outcome & TSC mapping	In-class activity
-----------------------	-----------------------	-------------------

Topic 01: Overview of WooCommerce CMS	LO1 · A1, K1 · Day 1 AM	Lab 1: Set Up Your WooCommerce Store
Topic 02: Manage Products on WooCommerce Store	LO2, LO3 · A4, A6, K2, K4 · Day 1 AM/PM	Lab 2: Create and Curate a Simple Product, Lab 3: Create a Variable Product with Attributes and Variations, Lab 4: Curate the Catalogue — Linked Products and CSV Import
Topic 03: Manage Payments and Shipping	LO4 · A3, K3 · Day 1 PM	Lab 5: Configure Payment Methods and Shipping Zones
Topic 04: Manage Sales on WooCommerce Store	LO5 · A5, K5 · Day 1 PM	Lab 6: Process Orders, Refunds and Coupons
Topic 05: Manage WooCommerce Performance	LO6 · A2, K6, K7 · Day 1 PM	Lab 7: Measure Store Performance with Reports and Analytics

Hands-On Labs (Topics 1–5 — Practical / Practicum, 90 minutes)

All labs run on WooCommerce (<https://woocommerce.com>). Full step-by-step instructions are in the Learner Guide; the slide deck presents each lab's purpose and outcome only.

Lab	Title	What the learner builds
Lab 1	Set Up Your WooCommerce Store	A working WooCommerce store with its currency, tax and core pages configured
Lab 2	Create and Curate a Simple Product	A published simple product, complete with images, price, SKU, category and tag
Lab 3	Create a Variable Product with Attributes and Variations	A published variable product whose variations each carry their own price, SKU and stock
Lab 4	Curate the Catalogue — Linked Products and CSV Import	A curated catalogue with categories, attributes, up-sells, cross-sells and CSV-imported products
Lab 5	Configure Payment Methods and Shipping Zones	A store that accepts payment and offers three shipping options, verified by a test checkout
Lab 6	Process Orders, Refunds and Coupons	A processed order, a completed refund with restocking, and a working discount coupon
Lab 7	Measure Store Performance with Reports and Analytics	A reviewed set of store reports, a configured dashboard, and a defined list of performance metrics

Instructional Methods

- Lecture — trainer-led explanation of concepts with visual slides.
- Didactic questioning — the trainer poses questions to check and deepen understanding.

- Facilitated discussion — learners apply each topic to their own organisation (Topics 1, 3 and 5).
- Demonstration — the trainer demonstrates each WooCommerce task on screen before the learners attempt it.
- Hands-on practical — learners complete Labs 1–7 on their own WooCommerce store (Topics 1–5).

Resources Required

- Classroom with projector or large screen, whiteboard and high-speed WiFi.
- One laptop per learner with a modern web browser (spare laptops are available).
- A demo WordPress training site per learner with administrator access — wp1.tertiarytraining.com – wp5.tertiarytraining.com (login at /wp-admin with the classroom credentials), assigned by the trainer and reset before each class.
- The WooCommerce plugin (<https://woocommerce.com>) and the Storefront theme, installed during Lab 1.
- The Harbour & Co sample product CSV ([labs/data/harbour-co-products.csv](https://labs.data.harbour-co-products.csv)) and product images for the catalogue labs.
- Course slides, Learner Guide and Lesson Plan available on <https://lms-tms.tertiaryinfotech.com>.
